

What's It Like to Be the Sibling of an Individual with a Disability?

**Saturday
Feb 9, 2019
10am-12pm**

Come hear a panel discussion among adults, sharing their unique insights and experiences growing up with a brother or sister with a disability.

If you are the parent of a child with a disability who has siblings, or the adult sibling of an individual with a disability, please come! Professionals may also participate.

This frank, heartfelt discussion is most appropriate for adults only, as the panelists will share freely and honestly—their ups and downs, joys and sorrows.

This event is in preparation for our upcoming Sibshops group, which will begin the following week, Saturday February 16, 2019.

Parking validations are for parents only. Refreshments will be served.
Please, no children; supervision will not be provided.

RSVP by Feb 4, 2019
